Our Silver Jubilee

14th October 2023

UTSHARI ECOPARK

With love and Remembrance

In the halls of time, where memories reside,
We cherish batchmates who were by our side.
In the classroom of life, we laughed and learned,
Now their absence leaves our hearts overturned.

Their voices may fade, but their spirits endure,
In every shared moment, in memories pure.
Though they have left this world, their legacy's bright,
In our hearts, they live on, like stars in the night.

To All Our Friends

Warmest greetings to all as we stand on the brink of a truly special occasion – our long-awaited Silver Jubilee Reunion.

As we approach this gathering, we are reminded of the cherished memories we have shared and the bonds that have endured the test of time.

The reunion, like a long-lost chapter of a book, promises to bring us back to a time of innocence and unbridled joy. We eagerly anticipate the chance to reminisce about our past escapades and share the paths we have taken since. It's a chance to rediscover the threads that weave us together.

From the laughter that echoed through our youthful days to the late-night conversations that knit us closer together, each memory is a gem in the treasure chest of our friendship. The anticipation of revisiting these moments tugs at our heartstrings. Each moment etched in our mind, from late-night studies, clinical classes, laughter to heartfelt conversations, has shaped the tapestry of our friendship.

The passage of years have only heightened the value of our shared experiences, making the prospect of reuniting even more exciting.

As we come together once again, let's celebrate the journey we've been on, acknowledging the changes and growth we've undergone. Our shared memories will serve as a bridge between the past and the present, reminding us of the unbreakable bond we share.

The Woods of Forties are turning dense.
With leaves and thorns and fragrance.

As the Silver mist
Tickles the soul..

The Rhythm of Life
Is set on a Roll
Our voices in chorus
reverb the stars..

Yes! we say ..here we belong!
We are the Khalpars !

With excitement and warm anticipation,

Planning of the Gala Event

The Silver Jubilee Reunion was always in all our minds. We have been having reunions almost every year since 2014 without fail except when Covid prevented us from physical meetings we had our internet Reunion. So the initial plan was first at the previous reunion Shantiniketan where our batchmates had met and had come upon the idea that this had to be a Mega Mega Event!

The first meeting was at Nicco Park on March 11th where the date and venue were finalized. We all decided on Mahalaya to be the D Day as it was to be held in Kolkata and Venue Utsari Eco Park was finalised.

Our very own website ([www.https://www.rgkarmedicos98.com](https://www.rgkarmedicos98.com)) and Facebook page (RG Kar Medicos 98) was launched on Poila Baisakh for all our friends.

How can a mega event be possible without some song and dance? We decided to celebrate this mega event with fun and frolic and make it immemorable for a lifetime.

A Theme Song of our batch “RG Kar Tumi Amar”

Song was composed by our Choco our Jr at Khalpaar and his team. Audio recording was planned and completed at the Vibrations Studio on the 10th June, and video was shot at our Alma Mater on the 25th of June with our batchmates with the assistance of our canteen staff who have always been by our sides. As we had planned we launched the theme video song on the 5 th of July the Foundation Day of RG kar Medical college, at the The Park Kolkata.

Next mammoth task was the Souvenir. We started collecting information and photos from all our registered batchmates. The questionnaires were sent out and quite a few glitches and hurdles we finally solved it. Only few photos could be selected from the thousands and thousands obtained as fund was an issue.

We visited Utsari and we were at a loss with such a big venue how were we to plan it all, but we were all entrepreneurs and the budget that was skyrocketing was also managed by quite a few of our friends so was the micro and macro planning. The stage, the ramp , the gates the live music all of it were envisioned and planned with the help of the event manager and some of our friends.

7th September was always a memorable day for all MEDICOS 98 KHALUS from the very beginning. We wanted to celebrate the day in a different manner, so a blood donation by batchmates was planned on the day itself, glorifying the day we started our classes. On the evening we spent some time with our teachers who had taught us. Oh, what a great evening it was, taking us back to our college days where we were all students. It rejuvenated us and made us younger and happier, once more back to our college days.

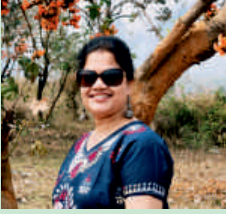

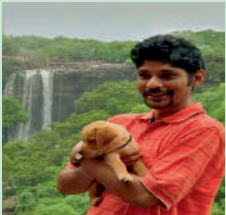

So here we stand at the Silver Jubilee Reunion after all the events have shaped up with live Chandrabindu band, our dream come true and cultural events now we are looking forward to this great event!! After all, all the planning was ultimately for this great day.

R.G. Kar Medical College

History

The history of genesis of R.G.Kar Medical College dates back to latter half of the Nineteenth Century. Then, our country was under the British rule. The influence of English literature and culture was gradually creeping in to the minds of the young society. This was gradually clearing the superstitions prevailing in the society. Simultaneously a great sense of Nationalism was growing among all sections of the population. The public health was in an appalling state in Calcutta and rest of Bengal. The diseased population was at mercy of untrained physicians and quack doctors.

The British Government was making life difficult for the Native Indian doctors. Not only there was salary discrepancy with the British doctors but also they were humiliated in every possible opportunity and even tortured. So multiple factors, like the developing Nationalist movement, discriminating behaviour of British Government, the great urge to serve the ailing poor Indians and most importantly the desire to spread medical education among talented young people gave birth to the dream of developing a Non-Government Medical Educational Institute.

Dr. Radha Gobinda Kar, son of Dr. Durga Das Kar was a lion-hearted personality who gave the required push to this dream to make it a reality. After passing the entrance examination from Hindu School, he graduated from the famous Bengal Medical College, later known as Medical College,

Dr. Kar returned from UK in 1886. He had no wish to serve the torturing, discriminating, racist British Government. The poor health facility provided to the fellow countrymen on one hand and talented educated young nationalistic people on the other forced Dr. Kar to think about developing a non-Govt. medical teaching institute, which will provide Indian doctors to serve their poor countrymen. Being a great visionary, Dr. Kar soon realized that the prevailing colonial culture was a great hindrance for the people at large

It was indeed a great coincident that nine similar minded personalities including Dr. Mahendra Nath Banerjee , Akshoy Kumar Dutta, Bipin Behari Moitra, M.C.De, B.J.Banerjee, Kunda Banerjee joined hands with Dr. R.G. Kar. They held a meeting on 18th October 1886 and resolution was taken to establish a non official medical school of some standard. The first non official medical school under the name “THE CALCUTTA SCHOOL OF MEDICINE” thus established at 161, Baithakkhana Road. In the same year the institute changed its address and moved to 155, Bowbazar Street. In January 1887 it again shifted to 117 Bowbazar Street. In 1887 the name The Calcutta School of Medicine was changed to “THE CALCUTTA MEDICAL SCHOOL” in the month of August. With Government permission dissection of Human body started in 1889-90. In 1898 a plot of land of about 12 bighas was purchased at the cost of Rs. 12,000/ (the present site of the hospital) in Belgachia. Very soon a one storied building came up approximately at the cost of Rs. 70,000/ with 30 beds. The following year Calcutta Medical School was completely shifted to this newly constructed hospital. 1903 witnessed the amalgamation of Calcutta Medical school with another non governmental educational institute named College of Physicians and surgeons of Bengal. Now it was named Calcutta Medical School and College of Physicians and surgeons of Bengal. The school had a three year course in Bengali medium whereas the college had a four year course in English medium.

Government asked the different private medical institutions in Calcutta to unite to form an efficient teaching Institution and get it affiliated to Calcutta University. The Calcutta

Medical School and College of Physicians and Surgeons of Bengal came forward with a proposal to the Government and the secretary of the State agreed to the proposal with certain conditions. On completion of the formalities the formal inauguration of the college was held on 5th July, 1916. Hence, the great journey of THE FIRST NON GOVERNMENTAL MEDICAL INSTITUTE IN ASIA started and name was changed to Belgachia Medical College. Lord Carmichael the then Governor of Bengal attended the inaugural function of the college. Only 48 students were admitted in the first batch. In 1919 name of the college was changed to Carmichael Medical College in recognition of his help towards developing this hospital. Dr. Radha Gobinda Kar was the first secretary of this institute and remained so till his death on 19th December 1918. In 1948 the name of the Institution was changed to “R.G.Kar Medical College & Hospital.”

Dr. B.C Roy’s association with R.G. Kar Medical College was for long forty years. Here he became Professor in charge of Medicine and thereafter Emeritus Professor and consulting Physician till last day of his life. Although he was not an Ex-Student yet he nurtured RGKar Medical College as his Alma Mater. He became the first Chief Minister of West Bengal in 1948. In 1961 he received “BHART RATNA” on his 80th birthday from President Rajendra Prasad. He passed away in on his 81st birthday on 1st of July.

25th Reunion Of '98 Medicos.....my Thoughts

Dr. Sudeshna Ganguly

25TH REUNION OF '98 MEDICOS.....MY THOUGHTS

As our country gears up to celebrate 75th anniversary of Indian independence – '98medicos of RG Kar Medical College are tuning up for their 25th batch reunion !

As the adrenalin surge begins and we all tune ourselves to revisiting the bygone years- I cannot help remember a quote by Jerome Short, a psychology professor at George Mason University, here is what he says:

“College is usually the first time we approached others of an equal status and we decided who to spend time with and what to do,” he says. “In the college years, we had goals of identity establishment and emotional intimacy in relationships”.

He further adds: “A reunion allows us to fill in details of our life stories and consider what would have happened if we had made different career and relationship choices.”

The profoundness of this remark caused me to pause and go down the memory lane with great poignancy....

I clearly remember the day I had walked into the campus of medical college – there was exhilaration; enthusiasm; hesitation; curiosity and trepidation all rolled into one !!

My father had accompanied me and the remark he had made on that day has remained as the core guiding principle of my professional life – “You wanted to be a doctor – life has given you a chance to do what you really wanted to – use it well”.

The 5+ years at RG Kar has been an experience which nothing can replace in this lifetime – and even if I am given a chance - I will never trade this for anything else.

While it was not entirely a bed of roses, but it helped me grow and mature both intellectually and psychologically.

My college was supposed to educate me in terms of medical science – so I am not touching on that aspect – it was the part we refer to in corporates as “meeting expectations”!! The true value add to my life - through my college years - was that it opened up my hidden fears; forced me to face my deficiencies; explore my emotionality and strengthened my inner core. It gave me the opportunity to enter into scenarios that were difficult to face –whenever I was tempted to hit the hills – the walls of R G Kar stood by – silent but insistent – and compelled me to face my fears and overcome them.

It taught me to deal with judgementalism; non inclusivity; body shaming and demotivation – R G Kar Medical College very effectually prepared me for the battle that's life – and what's more it inspired me enjoy the ride !!

Today when I am penning down these word at the turn of a quarter century I cannot help feel an inner glow of self-realization that my Alma Mater made me face the worst so that the storms - that are bound to keep coming up as we walk the path - are easier to anticipate and mitigate. The years beyond my college have been tumultuous but extremely satisfying – the knowledge and learning I received in this century old temple of wisdom has stood me in good stead. Today as I lead; administer; train; teach members of medical fraternity - I know that I owe this confidence and capability to my college – the one and only “khalpaar”;

As I prepare to attending this 25th reunion - I take this chance to look back at my career and relationship choices – and I do so without regret - some choices were very appropriate; some not so; and some were mini disasters !! - however it was all a part of personality and character contouring for which I will always be grateful to my college.

Let R G Kar continue to shine as a beacon of light and hope as new students enter its precincts with the same hopefully hesitancy that I did 25 years back !!

A Throwback: walking down the memory lanes

Dr. Koel Mitra

Myself Koel Mitra Not Roy as my gmail says, just ME. I had started to where I stand now, 25 years back in RGKMC straight from school, an only girls' school.

Admission :

The first day I had come for admission at Khalpaar, I had come in all alone, my father believed in making me independent and smart (I was shit scared, only it never showed). I filled up the form and there it said the father / guardian's signature , now if I had to get it done through Proper channel as they say it would well waste a day, my time was far more precious, so I just took up the responsibilities of being my own guardian and signed in as Kalyan Mitra (well knowing my father who wouldn't mind only have been a little more careful). Sukanta Da had seen it all other than GOD himself, called me aside and asked me who signed, later I had realized he was being the Father to many of my friends, he commented..“Tairi Meye!!!”

Always Keep Good Friends

Friends are the family that we choose ourselves so at least choose good ones who can bail you out of any situation.

Hum Saath Saath hain: A friend is on leave so you give attendance for her, and when she has many friends we all give attendance for you, Shamima... 4 for one , that too 3 boys and a girl.

Friends as your friend philosopher and guide : gender discrimination is strictly not welcome be it sitting in the last bench which we all friends sat or learning to whistle, which my friends mostly the boys could. So they taught me to. It takes practice to make one perfect, and good students keep practising and you may achieve success anytime like in between the class with sir facing the board, and the Loud Whistle blows !!well who else but the backbenchers.. but friends are friends no names are heard and Gender discrimination is still better, it has to be the BOYZZ.

Ishq Vishq Pyar Vyar: Love is beautiful and those days it was love is life, so we batchmates decided to play Cupid and try to make two hearts come together. In the dissection batch, we were busy making JODIs of our friends by just asking them to move closer—AUR PAAS, as we could never manage to see the board or Sir, sitting behind them.

Friends are your Saviour: they bail you out whenever and wherever , even if that means you have to leave class midway. I had shifted to staying at my Uncle's house at Agarpara for a couple of months. Well travelling by train from Dum Dum to Agarpara after class was quite an ordeal due to the crowd in the local trains. The easiest was getting the Chakrarail which it was popularly called those days which left from Princep Ghat and arrived at Patipukur station at around 3:30- 3:40 , quite in the middle of our class. So a human barricade would be formed to ensure that Sir never saw me running away from the class and away I ran to Patipukur station to get the Train.

Teaching Learning Process: when your friend is tongue tied and cannot write out to his crush we all help him find him his voice and words to fill the letter, after all it's a friendly affair and wait secretly to find out what happened next. And when in trouble take the help of gender bias (it helps) after all boys help boys a girl is never to be there amidst the chaos.

Increasing Literacy ..literally: teachers would get angry with us even if we wanted to study, as Gabbar would put it... BAHUT NA INSAAFI! So let's get to the eye of the matter, a Pharma tutorial had been quite pathbreaking , which I had obviously missed, and again friends came to the rescue, Shamima wouldn't be doing the class the next day so I would be doing the Pharma tutorial with Patralekha maam (obviously missing my own scheduled tutorial). The class had come to almost its end the attendance had started and she asked for roll number 93, well I was Shamima Yasmin for that day so I answered. Madam made me stand and asked my name (PUSHPA was only released last year 2022... So JHUKEGA NAHI) but even then 1998, I answered Shamima Yasmin, (scared stiff I was, only it never showed except during Exams). Maam just repeated my name and roll number and let me sit for the day. Well my woes had just begun, the following week the Item clearance was with madam, roll no 54 Koel Mitra. She called me , my name roll no and I barely mumbled my answers, she let me go just repeating my name and roll number.

Walking the memory lanes is beautiful yet very difficult, you let some memories be there with you too close, yet with time you have to learn to let go most..time flies.. 25 years since we joined the college. I see the MBBS students today and feel the difference , we have left our Youth behind.

So let's enjoy while we can! Kya pata Kal Ho Na Ho....

DIL TO BACHHA HE JI

নস্টালজিয়া কি স্মৃতি রোমন্থন - সৌমিক চৌধুরী

নস্টালজিয়া কি স্মৃতি রোমন্থন? স্মৃতি নাকি শুধু ভালো স্মৃতি, সিলেকটিভ, যাতে খারাপ কিছু মনে না পড়ে। সেটাই হবে, যতটা স্মৃতি রোমন্থন সব জায়গায় দেখি সেখানে খারাপ কিছু নেই, শুধু ভালোর সমাহার। জীবন সত্যি যদি এত সুন্দর হতো খুবই ভালো হতো, কিন্তু এতটা সুন্দর কি? কে জানে লেখকের observation বেশি হয় কি? হতেই হয় লিখতে গেলে কিন্তু সব যা দেখি সেটা কি বলে দিতে হবে! না সেটার কোনো প্রয়োজন নেই। অর্থাৎ ভালোটাই বলি, all is well বললে কি সব ভালো হয়? হয় না, কিন্তু বোধহয় মনকে ভুল বোঝানো যায়, সেভাবেই তো ভালো থাকা যায়, আসল জীবনেও তাই।

যাক সেই সালের কথা, উচ্চমাধ্যমিক পরীক্ষার মধ্যে joint এন্ট্রান্স পড়লো, এরকম সাধারণ ভাবে হয় না, হলো একটি রাজনৈতিক কারণে, লোকসভা ভোট, যদিও তখন ভোট দেওয়ার বয়স হয়নি আমার। ছোট্ট একটি জনপদ, খড়গপুর, আইআইটি নামে বা রেলের জন্য খ্যাত হয়ত কিন্তু মেডিক্যাল পাবার জন্য নয়। শেষ দশ বছরের সেই জায়গা থেকে মেডিক্যাল না পাওয়ার খরা কাটিয়ে এলাম আমার যে কলেজে আসতে সব চেয়ে ভয় ছিল, আরজি কর, পলিটিকস নাকি ভীষন হয় এখানে। এসেই দেখি চারিদিকে সাজানো টেবিল নিয়ে জুনিয়র ধরার জন্য সিনিয়র বসে আছে। আমরা অনেকে বলি বটে যে আমরা অরাজনৈতিক, কিন্তু সত্যি কি রাজনীতির থেকে কেউ দূরে থাকতে পারে?

যে জাতীয় পলিটিকস টেনে আনলো, যে লোকাল রাজনীতি এসেই দেখলাম, অদ্ভুত ভাবে পরে সেই দলের হয়ে দাড়িয়ে চারবার ক্লাস রিপ্রেজেন্টেটিভ আর দুবার কালচারাল সেক্রেটারি। অর্থাৎ পরিস্থিতির চাপ বা পিঠ বাঁচানো যেটাই হোক, দূরে থাকা গেলো না। যাক এসব ব্যক্তিগত কথা পরে। চেনা হলো তবু চেনা নয়, কলকাতার ছেলে মেয়েরা যদি বা চেনে জেলা থেকে আসা স্টুডেন্টদের সেটা ফাস্ট সেমিস্টার রেজাল্ট দিয়ে, ভালই হল অতএব চেনা হলো। একটা গ্রুপ তৈরি হলো, কত খাওয়া, ঘোরা, জন্মদিন পালন সূতানুটি জংশন।

তবে একটা চেনার কারণ ঘটলো ফ্রেশেরস অনুষ্ঠানে, দেখা গেলো আমি ভালো গান গাইতে পারি, এটা আমি নিজেই ভালো জানতাম না কোনোদিন মাইক ব্যবহার করে গাইনি, তবে ওই কিশোর কুমার নাম অনেকে দিল, anatomy dissections এর আগে দল বেঁধে আমরা ঘিরে আরো গান। চলেছে অনেকগুলি কলেজ অনুষ্ঠানে। বুকিনি কবে গাইতে গাইতে গলায় চাপ পড়ে vocal nodule হলো, গলা বুজে এলো, গান থেমে গেলো।

এবার আসি বন্ধুদের কথায়, ক্লাসমেট মানেই বন্ধু এটা একটু বেশি সরলীকরণ হয়ে যাবে। তবু কয়েকজন ভালই বন্ধু হয়, আজও সেটা অমলীন, বন্ধুত্ব আমি চেষ্টা করি কখনো নষ্ট না হয়। তবে ব্যাচের চেয়ে হোস্টেলে আমার অনেক বেশি বন্ধু তৈরি হয়, জুনিয়র ব্যাচ এক আধটা, বয়সে হয়ত সমান অনেকে বড়, কিছু অল্প ছোট। কিন্তু সেই গ্রুপ আজও আমার একই রকম আছে, তাদের সাথে আজও নিয়মিত প্রোগ্রাম হয়, তার জন্য রিইউনিয়ন লাগেনা। যে ভালবাসা এবং সন্মান তারা দিয়েছে সেটা ভোলার নয়।

ইউনিভার্সিটি পরীক্ষার অভিজ্ঞতা এক একজনের এক এক রকম, কোথাও খুব ভালো তো কোথাও একেবারে ভয়ের পরিবেশ। কোনোদিন সাবলীল ভাবে কোনো পরীক্ষা দিতে গেছি বলে আমার মনে পড়ে না যদিও রেজাল্ট হয়ত সেটা বলবে না সব ক্ষেত্রে। পরীক্ষার হলে না জানা question বন্ধুরা এ ওকে বলে দিত, সব সময় সবটা পারত এমন নয় কিন্তু পরীক্ষায় কে বা সব ঠিক লিখে আসে। এই camaraderie মনে রাখার, সেখানে যে নম্বর কম পেয়েছে অনেক সময় নম্বর বেশি পাওয়া মানুষ তার সাহায্য পেয়েছে, আমার নিজের একাধিক এমন example মনে পড়ে। রেজাল্ট বেরোলে সেদিন বেশিরভাগ লোক যখন টেনশন পেরিয়ে পাসের আনন্দে মশগুল আমার মনে হয় কিছু যারা পাস করত না তাদের কথা কোনো কোনো বন্ধু মনে রেখে নিজের পাঁচি স্থগিত রাখার সিদ্ধান্ত নিত।

কতগুলি কথা না বললে লেখা ঠিক পূর্ণতা পাবে না, সেটা স্মৃতির পাতায় লেখা হয়ে গেছে, ভালো কি খারাপ সেটা বিচার্য নয়, কিন্তু সত্যি। গ্রুপ তৈরি করার প্রবণতা, অন্যের ভালো সহজে স্বীকার না করা, কিছু মানুষের অদ্ভুত অহংকার আর অনেকে বঞ্চিত করে কিছু লোকের পরীক্ষায় সব রকম সুবিধা নেওয়া ভুলে যাওয়া মুশকিল, এগুলো স্মৃতির অংশ। তবে এটা আনন্দ উপলক্ষে আয়োজিত এক অনুষ্ঠান তাই সেসব কথা নিয়ে এসে লাভ নেই, কিন্তু রোমন্থন করতে গেলে মেমোরি ত সব সময় সিলেকটিভ থাকতে পারে না। স্মৃতি রোমন্থন তাই বেশি না করাই মঙ্গল, সকলের পক্ষে। সব সময় সব নস্টালজিয়া সুখের নাও হতে পারে।

রক্তদান আর জি করে প্রাক্তনীদে

আজকালের প্রতিবেদন

ডেঙ্গির মরণশূন্যে স্টেটলেটের ঘাটতি মেটাতে রক্তদান করলেন আর জি করে প্রাক্তনীরা। ১৯৯৮ সালের ব্যাচ তাদের দিনটি অরণ করে রাখতে বৃহস্পতিবার বিশেষ এই উদ্যোগ নেয়। কোনওরকম উৎসব, আনন্দ উপভোগ করে নয়, চিকিৎসক হিসেবে যাতে আর পাঁচটা মানুষের কাজে আসতে পারেন, তার জন্য রক্তদানের মতো কাজে এগিয়ে এসেছেন। আজ

থেকে ২৫ বছর আগে ৭ সেপ্টেম্বর ১৯৯৮ সালে ডাক্তারির এমবিবিএসের যে ব্যাচের যে ক্লাস শুরু হয়েছিল, তাদের মধ্যে থেকে ১৮ জন এদিন সকালে আর জি করে রক্তদান ব্যাঞ্চে গিয়ে রক্তদান করেন। বিকেলে এক অনুষ্ঠানের মাধ্যমে ওই সময়কালে কলেজের শিক্ষকদের সম্মান জানানো হয়। সকলকে শিক্ষককে খুঁজে পাওয়া যায়নি। কেউ কেউ হয়ত আজ জীবিতও নেই। তাও প্রাক্তনীরা খুঁজে এরকম ১০ জন আর জি করে শিক্ষক চিকিৎসককে সংবর্ধনা দেন।

**Our Journey at RgKar Medical College started from
7th September
25 years back.
To mark this day, we donated blood
at our college blood bank.**

RG Kar Medicos 98

Thank you teachers for being a shining light in our lives..

RG Kar Medicos 98

7th September is a memorable day for us.
So 25 years later, to mark this day we spent by
donating blood in the morning.
In the evening we met our
teachers at The Park Kolkata.
Meeting them and talking with them was a true bliss.
We felt younger and happier.

RG Kar Medicos 98

নানারকম খামখেয়ালী
রোগা মোটা অসীমবলী
আমার কিছু বন্ধু আছে।

I still seek forgiveness from all whom I may have wronged. I take this opportunity to bend my head, and with folded hands beg that if I have hurt you, in any way, in my thoughts, actions or behaviour, may you be kind enough to forgive me. Dear Batchmates! hope this message finds you all in good health and spirits. It's hard to believe that 25 years have passed since we were all together embarking on our journey into the world. It feels like just yesterday that we were sitting in class laughing and learning together. As I look back on those fond memories I am reminded of the strong bond we shared and the unbreakable friendships we formed. Through the ups and downs we stood by each other offering support and encouragement. Those years have shaped us into the individuals we are today.

Can you believe it? It's been a remarkable 25 years since we embarked on our journey together, shaping memories, friendships, and futures that have withstood the test of time. As we stand on the brink of this momentous milestone, it's time to come together once again and relive those cherished moments that have defined our lives. We are thrilled to invite each other to our 25th Reunion: a celebration that promises to be an unforgettable blend of nostalgia, laughter, and the joy of reconnection. Let's walk down memory lane with a photo exhibition showcasing our incredible journey; reconnect with old friends and make new memories over a sumptuous dinner and drinks; share stories, accomplishments, and experiences from the last 25 years during our interactive session and dance the night away with music to take us back to our batch's golden days. Let's make this 25th Reunion an extraordinary celebration of our enduring bond. Spread the word, reach out to fellow batchmates, and let's gather once more to relive the laughter, the camaraderie, and the spirit that defined us all those years ago.
